Installation Quick Reference

Clock Kit Flush Mount Adapter for Indoor Paging Speakers

011106*, RAL 9002, Gray White, Standard
**011107**, RAL 9003, Signal White, Optional

*Replaces the 011024 number.

The Clock Kit enables the CyberData V2 VoIP Ceiling Speaker to be upgraded to a highly visible public address device with a time display.

The large display characters are easily read and adjust for ambient light conditions. Time sync is performed by NTP and a built-in real -time clock.

Power is supplied by the CyberData V2 Speaker from a single PoE connection.

The *Clock Kit Flush Mount Adaptor Operations Guide* is available as a PDF file at:
**http://www.cyberdata.net/products/voip/digitalanalog/clockkit/docs.html**

Wall Mount Adapter Parts

(1) Flush Wall Mount Adapter

(1) Template for Wall Mount Adapter and Screw Holes (on placemat)

(1) Drywall Mounting Kit

(4) 10-12 x 1.25-inch Pan Head Phillips Screws

(4) #10 Plastic Ribbed Anchor

Install Jumper JP1 Prior to Installing the Clock Kit

Make sure that jumper JP1 is installed prior to installing the Clock Kit (see the picture on the right). Installing JP1 powers the Real Time Clock from the battery. If you do not install JP1, the clock will lose it's time when the power is disconnected.

Jumper Functions:

| Jumper	Function
JP1	Battery - Connect
JP2	Manufacturing - Open
JP3	Manufacturing - Open
JP4	Manufacturing - Open
JP5	Manufacturing - Open

JP1

Mounting

To mount a Clock Kit Flush Mount Adapter:

1. If you do not have the ATLAS enclosure, then use the **TEMPLATE** on this document to drill four holes in the wall for the anchors and screws.

2. Assemble the ATLAS® FEST-18SC enclosure.

3. Use three 8-32 x 1 1/4" MOUNTING SCREWS (from the Ceiling Speaker Drop Ceiling Mounting Kit) to install the Version 2 Speaker into the flush mount clock kit.

4. Install part number **611038** through the pre-cut drywall into the Atlas sound enclosure.

Step 1

Route the Network cable into either the top, bottom, or side knockouts (KO).

Ground Lug

Step 3

DRYWALL CUTOUT

(3) 8-32 x 1 1/4" Mounting Screws (from the Ceiling Speaker Drop Ceiling Mounting Kit)

Part Number 611038

Step 4

ATLAS FEST-18SC Enclosure
(sold separately by ATLAS, and not included with the Clock Kit)

Step 2

ATLAS FEST-18SC Enclosure Parts

Note: All ATLAS parts are sold separately by ATLAS, and are not included with the Clock Kit Adapter

(1) ATLAS FEST-18SC
(sold separately)

(2) ATLAS Sound FEST Mounting Bracket
(sold separately)

(4) No.10 Nut with tooth washer
(comes with the ATLAS wall mount)

(4) No.10-32 x 0.375-inch Pan Head Phillips Machine Screw
(comes with the ATLAS wall mount)
